Subject: results of Hatch Act training this week

Kurt, Cheryl, and Rett,

I am beyond pleased and incredibly proud to say that 390(!) regional employees—40 percent of our workforce—VOLUNTARILY participated in one of two, 1.5 hour long live webinars on the Hatch Act that I presented this week. Participants in both classes were enthusiastic, engaged, and respectful. I experienced nothing but support and patience with my technological glitches (what's a Teams meeting without a tech hiccup?) and have received only positive feedback. My favorite: "I learned more in that hour and a half than I have in 15 years of mandatory trainings."

I thought you would be happy to know Region 5 employees are committed to participating in the upcoming election ethically!

Take care,
Ann
